RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
Alexandria, VA

Dear Sir:

This responds the Restriction Requirement dated September 11, 2007, placing on the written record a finding of fact, which must now be adhered to by the U.S. Patent and Trademark Office for consistency, that a HDD that controls the number of data files or AV streams that may be written to a band is patentably distinct from controlling the writing of ECC parity data in a HDD.

Applicant elects Group I, Claims 1-17.

Respectfully submitted,

John L. Rogitz
